

# **Lake View YMCA Going Smoke-free**

The Lake View YMCA housing facility is going smoke-free as a part of the YMCA of Metropolitan Chicago's expansion of its non-smoking policy.

Residents will no longer be allowed to smoke in their units or in common areas, drastically improving the health and quality of life for the smoking and non-smoking residents who call the YMCA home. The state of Illinois has taken the initiative to take smoking out of public places because we know that the effects of second-hand smoking can be just as dangerous and detrimental to health as smoking itself.
