## Illinois Rep. Feigenholtz Phonebanks for Marriage Equality

April 5, 2013 by [Maureen McCarty](#), *Online Content and Marketing Manager*

This Wednesday, Democratic State Rep. Feigenholtz of Chicago hit the phonebanks to call on fair-minded Illinoisans to support marriage equality.

"I believe marriage equality in Illinois is a matter of if, not when," said Feigenholtz as she thanked Illinois Unites for Marriage volunteers.

HRC, with our partners in the [Illinois Unites for Marriage coalition](#), including Equality Illinois, has been working hard in the field, and we will continue to do everything we can over the next few weeks to raise the voices of supporters of marriage equality.
